FALLING TREE HITS TRUCK; DRIVER SUSTAINS BROKEN NECK

Judson Hayes Victim of Peculiar Accident on Highway Last Tuesday Afternoon

IS IN PRECARIOUS CONDITION

Suffering from a broken neck, although in a conscious condition, Judson Hayes, aged 19, son of Mrs. Alf Ford of Redwood valley, was brought to the General hospital last Tuesday afternoon.

Hayes' injury occurred when an oak tree growing alongside the highway near Calpella fell across the road just as Hayes, driving a truck, was passing. A limb struck Hayes on the head, inflicting an ugly scalp wound, and causing a dislocation of the spinal column in the region of the neck. The spinal cord evidently was not severed, but Hayes is paralyzed from the neck down. It was reported yesterday that his condition was practically unchanged, although he seemed able to move his toes to a slight extent.

The accident occurred at the first gulch south of Calpella. The tree, growing on the bank slightly above the road, fell just as Hayes came abreast of it. Although only the upper branches struck the machine, the radiator and hood were crumpled by the force of the blow. The truck careened into the bank and stopped. Motorists coming along a few moments after the accident, which occurred about 2:30 in the afternoon, found Hayes and brought him to the hospital.

Hayes was employed in hauling box shook for Gschwend Bros., representing the California Pine Box Co., from Calpella to the Frank Comino place.

PAYS BOOZE FINE

O. Cappelli was arrested by Sheriff Byrnes the latter part of last week while running a load of booze through to Eureka. Seventy gallons of liquor were found in the machine and dumped by the sheriff. Cappelli plead guilty and paid a fine of $450 to Judge Hoffman. His arrest was brought about when he collided with the car of a traveling man near Ridgewood and then ran into a tree with his own car while trying to make a getaway. His machine was disabled and the traveling man informed the sheriff by phone.

SHERIFF DUMPS WINE

The sheriff's office made a visit to the home of Joe Piffero, several miles north of town last Friday and confiscated and dumped 350 gallons of wine belonging to Piffero.

WOMAN BADLY INJURED WHEN CAR TURNS OVER

Miss Rebecca Fowler, Relative of Local People, In Hospital Here

Miss Rebecca Fowler, of Santa Rosa, sustained a broken leg, bad cuts and lacerations about the face and scalp and a fractured jaw in a motor accident on the Redwood highway near the Clarence Cox ranch a few miles south of this city last Wednesday at about noon. P. J. Murtha, of Santa Rosa, who was driving the car, and Miss Barbara Gibbons, of Sacramento, third member of the party and a niece of Miss Fowler, each escaped with minor injuries.

The accident happened when Murtha put on his brakes at a turn while going at a high rate of speed. The car, a Buick sedan, skidded on the wet pavement, swerved into the ditch and turned over. Miss Fowler was thrown through the windshield, her face being cut in a shocking manner.

Help was available almost immediately after the accident from passing motorists and the members of the party were extended every aid possible. Miss Fowler was put into a car and brought to the General hospital, where her condition was quite serious, although not dangerous, yesterday.

Miss Fowler is a sister of Mrs. Chris Bradford of this city and Miss Gibbons is a niece both of Mrs. Bradford and Miss Fowler. The party were en route to this place for a short visit.

RODEO ASSOCIATION TO BE NON-PROFIT CONCERN

Dr. E. C. Bennett, head of the Ukiah Rodeo association, announced this week that a radical change has been made in the purpose of the organization and hereafter it is to be a non-profit corporation, devoted to fostering of rodeo sports and the development of this big annual entertainment feature for the north-of-the-bay section.

The new plan means that the present officers and directors of the association will receive no compensation but will devote their time and efforts to the management of the rodeo gratis and purely for the love of the sport. The rodeo has never been a money-making business, as everything that was cleared above expenses has gone into the purchase of additional livestock and the enlargement of facilities.

The legal proceedings for the turning of the association into a non-profit corporation are now being taken by J. F. Killiam, of Oakland, secretary of the Ukiah Rodeo association.

GOLDEN GATE FERRY IN STIFF FIGHT AT HEARING

Entire Section Backs Railroad Company's Opposition Franchise

Commissioner Louttit, of the state railroad commission, arrived in Ukiah last Tuesday and held the hearing here on the application of the Golden Gate Ferry Co. for a new ferry franchise from Point San Quentin to the Ferry building at San Francisco. The application is being contested by the Northwestern Pacific railroad company, and the hearing was held here to determine the attitude of the people of this section in regard to the matter. Similar hearings have been held in each county of the north-bay section.

The ferry company met with opposition here. Representative citizens were present from both this and Lake counties and all were unanimous in their stand that the granting of the franchise would be a detriment to this section. All testified that the present freight service given by the railroad was ample and satisfactory in every particular and any diminution in the receipts of the railroad would probably result in increased rates or decreased service, thus working inevitably to the detriment of this section, whose only available and adequate traffic artery is the railroad.

Forty-one witnesses were examined, among them being the biggest ranchers, fruit growers, bankers, shippers and manufacturers in the two counties of Mendocino and Lake.

JUVENILE OFFENDER ESCAPES; RECAPTURED

Randolph Lincoln, of Covelo, held at the county detention home as a juvenile offender, made his escape from the custodian the latter part of last week and started for his home. He was picked up near Dos Rios by Warren McCombs and brought back to this place and placed once more in durance vile.

He is accused of passing bad checks at Covelo.

KENWOOD MAN FINED

UKIAH CITY ELECTION DEVOID OF EXCITEMENT

The city election held last Monday was not particularly exciting and the fears of those who anticipated a writein campaign against various of the candidates for trustee proved unfounded. However, the various candidates were taking no chances and a total of 404 votes were cast.

W. D. L. Held was high man with 388, U. S. Gantz was second with 316, J. R. Thomas was third with 314 for the three trustee vacancies. For city clerk, Fred Handy received 311, while four wrote in the name of Julius Roller.

For city treasurer, Henry Peirson received 290 votes, while 57 wrote in Julius Roller's name for that office. A campaign to elect Roller by writing in his name was instituted at the last minute. This was the only write-in campaign that seems to have had any organized effort behind it.

DEPUTY FORESTER HERE

W. B. Rider, deputy state forester with headquarters at Sacramento, has been here several days in consultation with District Fire Ranger R. E. Roach. Monday they went up to Eureka and appeared before the supervisors and had them raise the yearly appropriation for fire fighting purposes from $1500 to $2500. Humboldt county will have three, and possibly four, fire rangers this summer.

Mendocino, Sonoma, Lake and Humboldt counties are now all working together for summer forest and brush fire prevention.

HOUSE AND BARN BURNED BY INCENDIARY FRIDAY

Home of Earl Long, Near Dos Rios, Set on Fire by Person Unknown

The house and barn of Earl Long, situated on the east side of Eel river about two miles below Dos Rios, were burned last Friday night. The fire is thought to have been set by someone with a grudge against Long and his wife. Both Mr. and Mrs. Long were in Covelo, where Mr. Long had gone for medical treatment, attended by his wife.

According to Long, there were two five-gallon cans, each half full of gasoline in the house when he left. The gasoline was kept to supply two gasoline lamps. One of the gasoline cans was found after the fire among the ruins of the barn and it is the theory of the sheriff's office that the incendiary carried this can to the barn and emptied the contents in the building, then touching a match to it. The other can, it is thought, was used in a similar manner at the house. A clean sweep was made of both buildings and their contents and the loss is a heavy one for Mr. and Mrs. Long.

Sheriff Byrnes is working on the case and believes that he has a line on the parties who set the fire.

WILLITS MAN FINED $400

Fred King, who conducts a service station at Willits, was arrested by Sheriff Byrnes the latter part of last week on a charge of selling intoxicating liquor. King entered a plea of guilty here and was fined $400 by Judge Preston yesterday.

WILLITS GITY ELECTION WAS SPIRITED CONTEST

WILLITS, Apr. 10.—The town election held yesterday was one of the most exciting we have had for several years. Three trustees were elected and there were five candidates. Strange to relate the voters did not vote on the merits of the candidates for trustees but on how they stood on the appointment of the town marshal. The issue was so well defined that a lot of voters, on both sides, only voted for two candidates.

Sam Ames, one of the successful candidates, received votes from both factions and received the highest vote. He takes the place of N. B. Barnwell, who has moved to Eureka.

John Keller and H. M. Burke, incumbents, were both elected by a vote of a little better than two to one.

A. Rinaldi and wife of Willits, were Ukiah visitors Thursday.

Money for Noyo Dredging

FORT BRAGG, Apr. 6.—There was very little business transacted at the men's luncheon at the Community club Thursday with the exception of a report made by W. J. Schultz that the money had been subscribed for the completion of the Noyo river harbor. Mr. Schultz announced that as soon as the money subscribed was paid in, that operations would commence to finish the dredging of the mouth of the Noyo, which will make the harbor a deep water project and that large boats can enter the harbor without having to wait for the rise of the tide as in the past. This will greatly improve fishing conditions at this point.

Fire at Caspar

Fire Thursday night destroyed the laundry at Caspar and contents.

The laundry is owned by Billy Williams, who also acts as meat cutter in the butcher shop at Caspar.

The family were sitting in the living room of their dwelling, which adjoined the laundry, about 8:00 oclock listening to the radio, when one of the little boys went out into the kitchen for a drink of water and discovered the blaze. The alarm was given, but the fire had gained too much headway and the electric washing machine, the mangle and also a lot of clothes were destroyed.

A 40-gallon chemical was called into play and a line of hose was run from the company's gravity system, with 90 pounds of pressure, which confined the blaze to the laundry.

The origin of the fire is not yet definitely known, but it is thought to have been caused by a short circuit, or defective wiring. It is understood Mr. Williams carried some insurance on the property, but how much is not exactly known. Much sympathy is expressed over his loss.

The loss was estimated at around $1000.

Bear Killed at Greenwood

Thursday night a bear made a kill on the range of the Ornbaun Sheep Company east of Elk. Mr. Ornbaun arising early, discovered the fresh carcass of the sheep and immediately went home and got his pack of dogs. They had no trouble in getting the bear's track as there was considerable dew on the ground and in a very few minutes had lined out and were going full tilt. The bear was jumped before they had gone a great distance and he proceeded to give them a hard chase. He refused to tree for the first couple of hours and covered a lot of territory. He swam Elk creek in his endeavor to throw his pursuers off his track. This did deter all but two of the older dogs but they kept right on and not long after this he was stopped by the dogs and concluded to go up a tree where he was shot by Mr. Ornbaun. He proved to be of moderate size, weighing about 250 pounds.

This is one of several that have been killed on this range during the past year. Quite a number of sheep have been killed by them.

Woodsman Injures Arm

Road Demoralized

The storm of last week was quite severe in the neighborhood of Rockport. Roadmaster J. A. Barton says over 50 trees of various sizes were blown down across the road and some of them were quite good sized and required considerable cutting to clear the road.

Suffers Slight Injury

Gus Jackson, millwright for 16 years with the Albion Lumber Co. at the mill there, sustained a slight injury Friday forenoon when a block of wood flew off the conveyor where he was working and struck him on the jaw, cutting a deep triangular gash in his chin. He visited the office of Dr. Leidig and had his wound stitched up and he will soon be all right again.

VINEYARD ASSOCIATION TO ESTABLISH WEIGHTS

The executive committee of the clearing house division of the California Vineyardist Association meeting in San Francisco on Thursday of last week, has decided to consider establishment of a uniform weight box for shipment of grapes.

Shippers at the meeting declared a difference of five pounds a box would make as much as from two to two and a half tons difference in the weight of each car, and declared the variation had led to dishonest dealing as well as confusion.

The committee agreed to assess all shipper-members of the association 50 cents a car to create a fund for trade expansion activities. Establishment of district clearing house committees was approved for Ukiah, Santa Rosa, Napa, Lodi, Modesto, Fresno, Exeter and Ontario. The committee also elected R. D. Fontana, vice-president of the Earl Fruit Company of San Francisco, to membership. An open forum held after the executive session was attended by more than 75 of the leading grape shippers of the state.

Millions of Model T Fords *are still in active service*

FOR nearly twenty years, the Model T Ford led the motor industry and it still is used by more people than any other automobile. More than eight million Model T Fords are in active service today—an indication of their sturdy worth, reliability and economy.

Because of the tremendous investment which people have in these cars and because so many of them will be driven for two, three, and even five more years, the Ford Motor Company will continue to make replacement parts until, as Henry Ford himself says, "the last Model T is off the road."

For the Ford Motor Company has always believed that its full duty consists not only in making a good automobile at a low price, but also in keeping it running efficiently for you as long as possible at a minimum of expense.

No matter where you live, therefore, you can still buy Model T Ford parts with the same assurance as formerly, knowing that they will give you the kind of service you have a right to expect, and at the same time protect the money you have invested in your car.

All Ford replacement parts, as you may know, are made of the same materials and in the same way as those from which your car was originally assembled, and are low in price because of the established Ford policy.

So that you may get the greatest use from your Model T Ford over the longest period of time, we suggest that you take the car to the nearest Ford dealer and have him estimate on the cost of any replacement parts which may be necessary. You may find that a very small expenditure will maintain the value of your car and will be the means of giving you thousands of miles of additional service.

One of the 30,000 California women who cook with electricity

The morning shower refreshed the air. Warm sunshine has dried the grass. It is an afternoon to be outside.

Friends are coming for dinner—four people beside the family! And this woman is spending the afternoon in her garden.

She uses an electric range. The whole dinner was placed in the oven at one o'clock. At four, the electricity turned on and started the meal cooking. A Temperature Control keeps the oven at the proper temperature. At six, the current will turn off. The insulated oven will keep the meal warm until dinner is served.

That is the freedom you'll enjoy with electric cooking.

Why don't you eliminate the monotony of preparing meals by using an electric range? You can see them at our office.

Cycol has "endurance beyond belief."—This is the oil that guards cylinder walls and moving parts of your motor.

Stability The new Cycol will stand the hardest kind of usage. It is refined to meet the severer conditions of heat and pressure developed by the modern high compression engines, assuring you an unbroken oil film where heat, pressure and friction are greatest.

No Acids The new Cycol refining process eliminates the use of acids, though most refiners use them. While acids clear the "crude oil" they chemically change its structure and composition, thus seriously cutting its lubricating value.

The new refining process for Cycol is different in every respect. It selects from the "crude" those elements of greatest lubricating value and stability in performance, rejecting at the same those elements which readily break down under engine heat and cause excessive carbon deposits.

So Cycol gives a protective oil film on cylinder walls and moving parts, not vapor at the breather pipe.

Less Carbon As to carbon, Cycol like all other oils deposits some carbon. But it deposits less carbon than any other oil. The most exhaustive tests have proven that statement.

And even more important, the carbon that is deposited by Cycol is soft and easily removable. It is not hard or sticky and cannot scratch a cylinder.

Prove it Yourself For these reasons you will find that Cycol gives you the finest results you have ever known—more perfect lubrication, "endurance beyond belief" and the elimination of carbon troubles.

So fill your crank case with Cycol. You can identify it by the new transparent green-gold color.

WILLITS PLANNING FOR $125,000 HIGH SCHOOL

Allen Davidson Celebrates 84th Birthday. Haun Mill to Resume

WILLITS, Apr. 10.—Plans for the proposed new high school building are now on display and are attracting considerable attention. The plans were drawn by a leading San Francisco architect and call for a one-story building covering considerable ground space, along the lines of all modern school buildings.

The trustees plan to call a school bond election early next summer and the amount asked for is $125,000.00. A tract of forty acres facing the Redwood highway and just north of town has been selected for the site. It is the same tract that was formerly used as a race track.

Marry at Santa Rosa

Louis Powers and Miss Alma Vincent were married at Santa Rosa last Friday and returned home the following day and have already started housekeeping. Both are well known and popular young people and have the best wishes of the entire community.

Mrs. Rachel McClelland is visiting relatives in Santa Rosa this week.

Victor Haskett came over from Caspar Saturday for a short visit with his family.

Miss Ruth O'Kelly came down from Arcata to spend the week end. She is attending the state teachers college.

84th Birthday

Allen Davidson celebrated his 84th birthday last Sunday and his daughter, Mrs. Ralph Woodin, prepared a splendid feast in honor of the glad occasion. On account of the limited size of the house the guests had to be limited in numbers but what they lacked in numbers they made up in sociability.

His many friends will be pleased to learn that he is both looking and feeling better than he has for some months.

Haun Mill to Resume

The Haun sawmill, in Jackson valley, will resume operation about the end of next week. They still have a large stand of splendid redwood and fir timber and expect to run indefinitely.

Wm. Williams came up from San Francisco last week to look after his property interests. He tells us that Mrs. Williams, who was stricken with paralysis some months ago, has nearly recovered and is now able to do her own housework.

Mr. and Mrs. Fred Foord motored to Corning last Saturday.

Mayor Jim Roberson motored over to the Sacramento valley last week. He was accompanied by his daughter, Mrs. Mahan, and two small children. The latter have returned to their home in Shasta county.

Miss Rowene Thompson came up from Santa Rosa last week for a short visit.

Pres. McPeak, formerly of Willits but now traveling for a wholesale hardware firm, was here on business last Saturday.

ROY O'NEIL KILLED IN AUTO CRASH, SATURDAY

Well Known Local Man Victim When Car Collides With Bank

Roy O'Neil, well known resident of this vicinity, was killed last Saturday morning at an early hour, when his car ran into a bank on the Cloverdale grade. O'Neil was thrown from the vehicle and landed on his head, fracturing his skull and dying instantly. With O'Neil in the car were his nephew, Roy Witherell, who was driving, and Charles Pena. Both escaped with minor injuries. It is thought O'Neil's head struck a rock, as his scalp was badly cut.

The party were en route to Cloverdale after attending a dance Friday night at Hopland. In rounding a curve about a mile this side of the Sonoma county line, the car failed to keep the road and ran into the bank head-on. All three occupants were thrown from the vehicle.

Pena was taken to Cloverdale by a car, which came along shortly after the accident, and telephoned to Coroner Ornbaun here. The body was brought to this city and the inquest held Saturday. The verdict was in accordance with the facts.

O'Neil was a native of Missouri and was 53 years old. He was the sole support of his aged parents, who are now being cared for at the Walter Witherell home. He was well thought of by all who knew him and the news of his death caused genuine sorrow to a host of friends.

CARD OF THANKS

We wish to express our heartfelt thanks and appreciation to the many friends who were so kind to us in our late bereavement.

Mr. and Mrs. L. M. O'Neil

Service

from the customer's viewpoint.....

THIS recognized fundamental of successful modern business is largely measured by the satisfaction of those it serves—assurance of honest value, prompt delivery, personal attention to special requirements or adjustments and countless other qualities in service. In the mass distribution and speed of today, many of these qualities of service may easily be pushed aside to the detriment of customer relationships.

Individual contact expressing personal interest is recognized as an important factor in *service from the customer's viewpoint*—and anything that can be done by personal contact can usually be done better by telephone because it's quicker and costs less.

FORT BRAGG MAN JAILED FOR RECKLESS DRIVING

SANTA ROSA, Apr. 11.—One young motorist went to jail and another to the hospital yesterday afternoon following a head-on collision between their machines on the Redwood highway three miles south of Healdsburg.

Frank Moier, 21, employed at the Hoy dairy near Healdsburg, is in the General hospital in that city suffering from a severely lacerated left hand and arm and body bruises. Frank M. Smith, 20, of Fort Bragg, is in the county jail here and will face a reckless driving before Peace Justice Frank Opfer at Windsor on April 15. Jack Rhodes, employed at the same dairy as the injured man and who was riding in the Moier car, was uninjured.

According to Traffic Officer Jack Lewis, who investigated and arrested Smith, Moier, was coming south on the highway. Smith, bound north, "cut in" around another machine and met the Moier car head-on.

BREAKS TRAFFIC LAWS

Editor Dispatch:

Recently a visitor to this city, closely identified with chamber of commerce and other development work and prominent in that line of endeavor—in short one who should know better—broke the traffic laws most flagrantly in three particulars. That he was not placed under arrest was due to the fact that his infractions did not happen to come under the eyes of the local police.

His first stunt was to stop his car in front of the State theatre, then back all the way around the corner into Henry street. His next infraction was to turn the corner from School into Standley street, cross to the curb in front of the Barker hardware store and park his car headed the wrong way. The third offense, which occurred every time he entered State street from one of the side streets, and he did it a number of times, was to disregard every stop signal he encountered.

Now this bird may be a first-class booster, but in our opinion he is a mighty poor citizen.

MANIKEN SHOW COMING TO STATE NEXT TUESDAY

Three Other Strong Vaudeville Features to Enliven Program

Mantell's Manikens, a world famous marionette show, is the big feature billed for the State theatre's vaudeville program next Tuesday evening. This season marks the 21st edition of this show, and, as a new departure from the usual the manikens will present an ultra-fashionable cabaret performance with musicians, guests, waiters, etc., in full motion as in everyday life. The entire performance will be enacted by realistic large and well made manikens. Some of the numbers presented upon the miniature platform are a replica of a side show in which the usual freaks of nature are introduced and made to go through their most unusual routine. A Russian ballet in which life-like and very grotesque Russian characters depict the many dances characteristic of that race. Comedy and well known movie characters appear in comedy scenes, in which they have long been identified. A mortal combat between two knights of old furnishes supreme joy. Negro song and dance artists appear and the finale a fast and furious Spanish bull fight employing seven characters, puts zip and pep into a most interesting and hilariously funny novelty act enjoyed by all.

Other acts on the bill include George and June Ball, novelty dancers; Madge Miller, character comedienne; and Lee Morton, musical comedian, featuring the piano accordeon.

McCREARY ACQUITTED
